Hi Raymond,

I will. I did leave you a message earlier this week. If you would like to talk about the Tribal Leader's Summit please let me know when a good time to call is. I understand you are very busy with water issues right now.

I do want to connect about the Tribal Leader's Summit, see if you are still planning on attending and let you know the flow of the session. Here is the description, in case you haven't seen it:

This session will highlight the importance of traditional ecological knowledge collection, tribal consultation and tribal participation in an Intergovernmental Technical Team during the past year. During the session, EPA will provide a brief overview of the assessment and tribal leaders will share their perspectives.

Good Morning,

I have heard from most that today's conference call will not work so I am going to cancel it for today.

I will try again next week, if anyone has any questions about the Bristol Bay session at the Summit please let me know. I am happy to touch bases individually if that works better for your schedules.

Have a great day!

Happy Spring!!
